SUMMARY

Full-Stack / Frontend Developer with 2.5+ years of commercial experience engineering high-performance web applications and real-time systems. Proficient in **React, Next.js, TypeScript, Node.js, and Express/NestJS**, with hands-on expertise in **WebSockets, gRPC microservices, Solana Web3, and Telegram Mini Apps**. Proven track record of taking full ownership from UI/UX to cloud deployment, utilizing modern AI-assisted tools for maximum velocity.

EXPERIENCE

Frontend / Full-Stack Developer Jul 2023 — Dec 2025
Digwex Remote

- **Core Stack:** React, Next.js, TypeScript, Node.js, Express, Prisma, PostgreSQL, WebSockets, gRPC, Solana Web3, Docker.
- **Crypto Exchange (CEX/DEX):** Built core trading interfaces and admin panels. Implemented low-latency **WebSocket** streams for real-time market data; integrated **Solana Web3** for wallet connections and smart contracts.
- **Backend & Microservices:** Developed scalable **Express.js** services with **Prisma ORM**. Configured **gRPC** protocols for low-overhead inter-service communication and integrated third-party payment gateways.
- **Telegram Mini Apps:** Engineered a high-traffic Web3 Telegram Mini App with direct Solana wallet interactions and optimized mobile UI performance.

PROJECTS
